- 4/25 Gobigoundenpalayam, Kullampalayam, Perundurai, Erode-638 056.

EDUCATION QUALIFICATION:

B.E : CGPA : 8.87	(2023 - CURRENT)
Kongu Engineering College	
HSC : PERCENTAGE : 85.33%	(2023)
SSLC : ALL PASS	(2021)
Government Model Higher Secondary School, Seenapuram	

AREA OF INTEREST:	SKILLS:	CERTIFICATIONS:
- Electrical Devices and Digital Circuits - Robotics and Automation - Fluid Power System	- CAD Modeling - PLC Programming - Robotics and Automation - Basic of C and Python	- Auto CAD certified user [5QyL-FVzs] - Solidworks CAD design associate [C-52jTWMPKBN]

ACHIEVEMENTS:

- Three times Academic excellence award (2023-24) & (2024-25) & (2025-26).
- Secured 3rd place in pitch presentation at SRM university (Aug 2025).
- Shortlisted in top 50 teams in SIH inside KEC for two times (Sep 2024) & (Sep 2025).
- Secured 2nd place in the Hackathon at KEC(Feb 2026).

PROJECTS PRESENTED:

- Monitoring System and Predictive Maintenance of TBF** in SIH, KEC(Sep 2024), [Team lead]. A perfect monitoring system which monitor the Tunnel Booster Fan and predict failure.
- Water Surface Cleaning Bot** in PROJECT EXPO, KEC(Jan 2025), [Team lead]. A bot which is semi-operatable and with this we can easily clean the waste surface.
- Smart Hazard Identification for Electricity Loss Detection (SHIELD)** in SIH, KEC(Sep 2025), [Technical member]. A device to detect electrical theft and prevent life losses by electric fences.
- Smart Battery Theft Detection and Monitoring System for EV** in ELECTROTHON, KEC(Feb 2026),[Team lead]. A perfect monitoring system to monitor and alert's when battery theft in EV.
- Automatic plate making machine using coconut tree petiole** in KEC(Mar 2026)[Team lead]. Automatic Machine to Convert Coconut Tree By-Products into Sustainable Tableware.

PAPERS PRESENTED:

- HVAC-based Automatic Speed Control Fan** in MECHNOTRON, CIT (Mar 2025), Home automation fan, control& adjusts fan speed according to ambient temperature, similar to an AC.
- Energy Harvesting Using Piezoelectric Technology on Roads** in Ventureverse, SRM (Pitch presentation)(Aug 2025), The project idea is to utilize the waste energy in the roads.

LEADERSHIP & COORDINATION :

- Secretary of The Robotics Society** - Student Chapter, KEC.
- Event coordinator in EXPLIRUMUS (Mar 2025 & Feb 2026), NEXUS (Mar 2025 & Feb 2026), SKREPOZ (Sep2025), ROBOTHON (Feb 2026).

ADDITIONAL INFORMATION:

- Languages known : Tamil(R/W), English(R/W), Hindi(R).
- Additional courses : Relay Logic Controller, Designing of PCB, Robot Operating System.
- Inplant training : Techvolt pvt Ltd-3 days (Jul 2024), NXT Gen pvt Ltd-5 days (Dec 2024)
